SB 2795 - HB 3217

February 16, 1998

SUMMARY OF BILL: Deletes existing restrictions concerning where and when alcoholic beverages may be served and consumed in a state-owned convention center and provides that the facility may designate an area on its premises where such beverages can be consumed without regard to time limitations.

ESTIMATED FISCAL IMPACT:

Increase State Revenues - Not Significant

Increase Local Govt. Revenues - Not Significant

Assumes that the increase in the number of hours in which such beverages may be consumed within such a facility may increase the sales of such beverages. However, the amount of such increase is not expected to generate a significant increase in the applicable tax collections.
